

ENVIRONMENTAL POLICY

ADVANCED CHEMICAL COMPANY – ENVIRONMENTAL POLICY

Advanced Chemical Company is a leader within the precious metals refining industry, providing superior service and proprietary processes which yield the highest returns for our customers, as well as, manufacturing world class precious and non-precious proprietary chemistries.

Advanced Chemical Company is committed to conducting its business in an environmentally responsible manner. Fulfilling our responsibility to protect the environment enhances our ability to provide competitive and profitable products or services.

We are committed to complying with accepted environmental practices, including the commitment to meet or exceed applicable legal and other requirements, to strive for continual improvement in our Environmental Management System, and to minimize the creation of wastes and pollution. We will, therefore, manage our processes, our materials, and our people, to reduce the environmental impacts associated with our work.
