

QUALITY POLICY

ADVANCED CHEMICAL COMPANY – QUALITY POLICY

Advanced Chemical Company is a leader within the precious metals refining industry, providing superior service and proprietary processes which yield the highest returns for our customers, as well as, manufacturing world class precious and non-precious proprietary chemistries.

Our goal is to deliver outstanding performance and added value to our customers, while conducting our business in an ethical and transparent manner, which correspondingly aligns with legal and regulatory obligations.

We have an ongoing commitment to provide customer satisfaction and continuously improve our administrative, manufacturing, or refining processes. Advanced Chemical Company fosters a culture that encourages innovation and forward thinking, by way of empowering our workforce to make strategic or practical decisions, that coincide with the requests of the customer, and that will strengthen or enhance our Quality Management System.
